**Stimulus Source - Inspiration #2**  
(Author, title, and author's argument)

**"On-Topic" Research Topic**

**FOCUS:** Topic might be too broad. Narrow the focus further. Look at a part instead of the whole.

**SCOPE:** What age, gender, ethnicity, social group, culture, geographical area, institution, establishment will you be researching?

**VALUE:** Why is this topic important and show a need for further investigation? Provide support.

**Research Question:**

**Can you check the box?**

Does it require a judgement/evaluation?

Is it researchable?

Does it contain nested questions?

Is it clearly worded?

Does it invite engagement from multiple perspectives?

Does it start with what, why, when, where, who, how, would, could, should, would?
